Welcome

We are a warm, friendly, supportive group dedicated to helping each other become better communicators. The feedback you receive will build your confidence while pointing out the areas where you could improve.

Whether you want to overcome the fear of public speaking, make your presentations more dynamic, improve time management skills or become a confident leader, being a member of Toastmasters can help you meet your goals.

Benefits

Toastmasters is probably the most effective way for you to overcome the fear of public speaking and to improve your speaking & leadership skills.

Even if you're already an experienced speaker, Toastmasters can help you polish your skills and take them to the next level. This is why our club has a variety of speakers, from novice to master. Becoming an effective speaker improves your self-confidence and boosts your visibility at work.

At Toastmasters, you'll learn to handle speaking situations, hands-on, by giving presentations in front of a group. In addition, you'll learn the elements of effective communication from the manuals and materials you receive during your membership, and from the constructive evaluations from other members. As a member of the VSC you have the opportunity to:

- Enhance your self-confidence
- Develop your presentation and leadership skills
- Conduct productive meetings
- Connect better with your audience
- Understand the importance of posture and gestures
- Use your voice to emphasize important points
- Improve your listening ability
- Become aware of any distracting speaking mannerisms
- Practice powerful eye contact
- Get your message across
- Learn to pace your talk and use effective pauses
- Provide constructive feedback to other speakers
